Kids On The Move is a nonprofit organization that serves families throughout the state of Utah. Kids On The Move has an umbrella of independent operating pillar programs including an Autism Center that serves children with autism. The KOTM Autism Center is designed specifically for parents and children ages 2 and up living with Autism Spectrum Disorders (ASD) or similar developmental delays. At the Kids On The Move Autism Center, services are individualized for each child's unique needs. With ABA therapy offered in-center, in-home, or via telehealth throughout the state of Utah – support for your child is attainable with Kids On The Move. Help your child reach their full potential!
